

# 13<sup>th</sup> International Workshop Spatial Econometrics and Statistics

15 et 16 Avril 2014

The Laboratoire d'Economie Appliquée au Développement (LEAD) and the Faculty of Economics of the University of Toulon organize the 13<sup>th</sup> edition of the Spatial Econometrics and Statistics Workshop in Toulon, on the 15<sup>th</sup> and the 16<sup>th</sup> of April 2014.

The aim of this Workshop is to promote and develop scientific exchange between economists, econometricians, statisticians, mathematicians, urban planners and geographers on spatial econometrics and statistics and on their applications on regional and urban economics. This workshop strongly encourages exchanges between senior and junior researchers as well as Ph.D. students involved in spatial statistics and econometrics.

This 13<sup>th</sup> edition welcomes theoretical and empirical contributions with methodological advances in spatial econometrics and statistics. A particular emphasis will be given to particular issues and applications in the fields of urban economics, land use and climate or environmental change.

The invited speakers of the Workshop are :

Pr. James LESAGE, Texas State University, USA.

Pr. Raymond FLORAX, Purdue University USA & VU University Amsterdam, Holland.

Pr. Bernard FINGLETON, Cambridge University, United Kingdom.
